WHAT'S THE BUZZ?

INQUIRY CYCLE

HANG UPSIDE DOWN

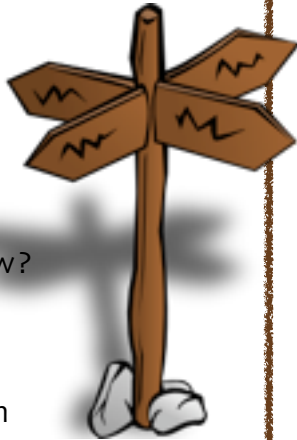

Does it look the same from a different perspective?

How do other people or groups or cultures view your idea?

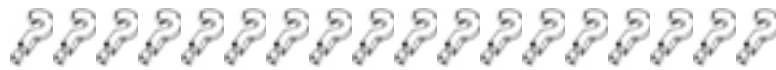

STANDING AT THE CROSSROADS

So what?
How have I changed? What path do I take now?
Am I satisfied?
Do I have new questions?
Am I finished with this for now?

READY, SET, GO!

What action will you take? Before, during or after your inquiry?

TIME OUT!

Gather your thoughts.

You have heard what other people think...what do you think? What is your opinion?

Take time to record your ideas. Ask yourself: "How do I know?" "What is my evidence?"

MIRROR, MIRROR.

Reflect on your work: Get feedback from the class, your teacher, from home.
What have you learned about your topic, inquiry, yourself as a learner?

LADIES AND GENTLEMEN!

Get ready to present your work to an audience!

It is time to show us where you are at!
